Sir:

On May 7, 2002, the Applicant submitted a response by fax (703)-746-9195 to the Request for Substitute Papers mailed on April 25, 2002, requesting a duplicate set of the papers filed on January 22, 2002. A copy of the original response is enclosed. Further, the Applicant has received a Second Request for Substitute Papers mailed on August 26, 2002, for the submission of the papers filed on January 22, 2002 (certificate of mailing dated 10/23/01). In view thereof, the Applicant submits a second response.

Further, in response to the Notice to Comply With Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures mailed August 29, 2002, Applicant submits herewith:

1. A sequence listing on paper and in computer readable format pursuant to 37 C.F.R. §1.821(c) and (e); and
2. A copy of the Notice to Comply with Requirements for Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures.

The content of the paper and computer readable copies of the sequence listing submitted in this application are the same.

Moreover, as the sequence listing merely presents nucleotide and/or amino acid sequences that appeared in the application as originally filed in accordance with 37 C.F.R. §1.821-1.825, no new matter has been introduced into the application.

Accordingly, Applicant respectfully requests the entry of the paper and computer readable forms of the sequence listing into the application. If it is felt that a personal communication would expedite the handling of the requested papers, please contact the undersigned.
